

# MITZI NAYELI OSORIO RIOS – Junior Front-End Developer

Veracruz, Mexico ✉ mitzi.rios.contact@gmail.com ☎ 7822701153 🌐 in/mitzi-rios 📄 https://mitzi02.github.io/portfolio/

---

## SUMMARY

Front-end student at Oracle Next Education. Adaptable to diverse environments, experienced in teamwork, and with a consistent drive to learn. I am seeking opportunities to gain experience by combining my technical knowledge, UX design, and front-end skills.

---

## EXPERIENCE

### Junior Front-End Developer

Freelancer

March 2023 – Present, México

- Professional in web design and development using HTML, CSS, and JS technologies.
- User-centered focus for creating optimized web experiences.
- Strong ability in problem-solving and quick attention to technical incidents.
- Used key tools like Notion, Figma, Trello, Visual Studio Code, and GitHub.
- Web layout and front-end development.
- Completed 4 projects, one of which includes 4 sub-projects that enhanced my front-end development skills.

### Junior UX Designer

Freelancer

March 2023 – Present, México

- Designer specialized in UX/UI interfaces for web and mobile solutions.
- Redesigned and optimized websites, emphasizing superior navigability and aesthetics.
- User needs analysis through detailed usability studies.
- Development of personas, journey maps, navigation maps, wireframes, and prototypes of varying fidelity.
- Proficient in cutting-edge design tools such as Figma, Adobe XD, Photoshop, and Illustrator.

### IT and Archive Manager

E&G SERVICES

November 2021 – May 2023, México

- Provided preventive and corrective technical support, fixing over 20 computers.
- Developed websites using WordPress and Elementor.
- Produced and presented detailed reports, collaborating closely with teams to achieve set goals.
- Established effective interdepartmental collaborations and supervised data integrity.
- Increased productivity by working with IT systems, which allowed for better file management.
- Conducted backups to ensure the integrity of files and systems.
